Types of Data collected

Among the types of Personal Data that this Application collects, by itself or through third parties, there are: Cookies, Usage data, email address, first name, last name, phone number, gender, date of birth, username, password, company name, profession, fax number, country, state, ZIP/Postal code, city, picture and Various types of Data.

Other Personal Data collected may be described in other sections of this privacy policy or by dedicated explanation text contextually with the Data collection.

The Personal Data may be freely provided by the User, or collected automatically when using this Application.

Any use of Cookies - or of other tracking tools - by this Application or by the owners of third party services used by this Application, unless stated otherwise, serves to identify Users and remember their preferences, for the sole purpose of providing the service required by the User.

Failure to provide certain Personal Data may make it impossible for this Application to provide its services.

Users are responsible for any Personal Data of third parties obtained, published or shared through this Application and confirm that they have the third party's consent to provide the Data to the Owner.

Mode and place of processing the Data

Methods of processing

The Data Controller processes the Data of Users in a proper manner and shall take appropriate security measures to prevent unauthorized access, disclosure, modification, or unauthorized destruction of the Data. The Data processing is carried out using computers and/or IT enabled tools, following organizational procedures and modes strictly related to the purposes indicated. In addition to the Data Controller, in some cases, the Data may be accessible to certain types of persons in charge, involved with the operation of the site (administration, sales, marketing, legal, system administration) or external parties (such as third party technical service providers, mail carriers, hosting providers, IT companies, communications agencies) appointed, if necessary, as Data Processors by the Owner. The updated list of these parties may be requested from the Data Controller at any time.

Place

The Data is processed at the Data Controller's operating offices and in any other places where the parties involved with the processing are located. For further information, please contact the Data Controller.

Retention time

The Data is kept for the time necessary to provide the service requested by the User, or stated by the purposes outlined in this document, and the User can always request that the Data Controller suspend or remove the data.

The use of the collected Data

The Data concerning the User is collected to allow the Owner to provide its services, as well as for the following purposes: Analytics, Contacting the User, Displaying content from external platforms, Handling

payments, Hosting and backend infrastructure, Managing contacts and sending messages, Registration and authentication, Interaction with external social networks and platforms and Backup saving and management.

The Personal Data used for each purpose is outlined in the specific sections of this document.

Detailed information on the processing of Personal Data

Personal Data is collected for the following purposes and using the following services:

- **Analytics**

The services contained in this section enable the Owner to monitor and analyze web traffic and can be used to keep track of User behavior.

Wordpress Stats (Automattic Inc.)

Wordpress Stats is an analytics service provided by Automattic Inc.

Personal Data collected: Cookies and Usage data.

Place of processing: US – Privacy Policy

Google Analytics (Google Inc.)

Google Analytics is a web analysis service provided by Google Inc. (“Google”). Google utilizes the Data collected to track and examine the use of this Application, to prepare reports on its activities and share them with other Google services.

Google may use the Data collected to contextualize and personalize the ads of its own advertising network.

Personal Data collected: Cookies and Usage data.

Place of processing: US – Privacy Policy – Opt Out

- **Backup saving and management**

This type of services allows the Owner to save and manage backups of this Application on external servers managed by the service provider itself. The backups may include the source code and content as well as the data that the User provides to this Application.

Backup on Dropbox (Dropbox, Inc.)

Dropbox is a service to save and manage backups provided by Dropbox Inc.

Personal Data collected: various types of Data as specified in the privacy policy of the service.

Place of processing: US – Privacy Policy

Backup on Google Drive (Google Inc.)

Google Drive is a service to save and manage backups provided by Google Inc.

Personal Data collected: various types of Data as specified in the privacy policy of the service.

Place of processing: US – Privacy Policy

- **Contacting the User**

Mailing List or Newsletter (This Application)

By registering on the mailing list or for the newsletter, the User's email address will be added to the contact list of those who may receive email messages containing information of commercial or promotional nature concerning this Application. Your email address might also be added to this list as a result of signing up to this Application or after making a purchase.

Personal Data collected: email address, first name, last name and Usage data.

Phone contact (This Application)

Users that provided their phone number might be contacted for commercial or promotional purposes related to this Application, as well as for fulfilling support requests.

Personal Data collected: phone number.

Contact form (This Application)

By filling in the contact form with their Data, the User authorizes this Application to use these details to reply to requests for information, quotes or any other kind of request as indicated by the form's header.

Personal Data collected: email address, first name, last name and Various types of Data.

- **Displaying content from external platforms**

This type of services allows you to view content hosted on external platforms directly from the pages of this Application and interact with them.

This type of service might still collect web traffic data for the pages where the service is installed, even when Users do not use it.

Google Maps widget (Google)

Google Maps is a maps visualization service provided by Google Inc. that allows this Application to incorporate content of this kind on its pages.

Personal Data collected: Cookies and Usage data.

Place of processing: US – [Privacy Policy](#)

YouTube video widget (Google Inc.)

YouTube is a video content visualization service provided by Google Inc. that allows this Application to incorporate content of this kind on its pages.

Personal Data collected: Cookies and Usage data.

Place of processing: US – [Privacy Policy](#)

- **Handling payments**

Payment processing services enable this Application to process payments by credit card, bank transfer or other means. To ensure greater security, this Application shares only the information necessary to execute the transaction with the financial intermediaries handling the transaction.

Some of these services may also enable the sending of timed messages to the User, such as emails containing invoices or notifications concerning the payment.

PayPal (PayPal Inc.)

PayPal is a payment service provided by PayPal Inc., which allows Users to make online payments using their PayPal credentials.

Personal Data collected: various types of Data as specified in the privacy policy of the service.

Privacy Policy

- Hosting and backend infrastructure
-

This type of services has the purpose of hosting data and files that enable this Application to run and be distributed as well as to provide a ready-made infrastructure to run specific features or parts of this Application. Some of these services work through geographically distributed servers, making it difficult to determine the actual location where the Personal Data are stored.

Amazon Web Services (Amazon)

Amazon Web Services is a hosting service provided by Amazon.com Inc.

Personal Data collected: various types of Data as specified in the privacy policy of the service.

Privacy Policy

- Interaction with external social networks and platforms
-

This type of services allow interaction with social networks or other external platforms directly from the pages of this Application.

The interaction and information obtained through this Application are always subject to the User's privacy settings for each social network.

This type of service might still collect traffic data for the pages where the service is installed, even when Users do not use it.

ShareThis (Sharethis Inc.)

ShareThis is a service provided by ShareThis Inc., which displays a widget that allows interaction with social networks and external platforms as well as sharing the contents of this Application.

Depending on the configuration, this service can display widgets belonging to third parties such as the managers of social networks where interactions are shared. In this case, also the third parties that provide the widget will be informed of interactions and Usage Data on the pages where this service is installed.

Personal Data collected: Cookies and Usage data.

Place of processing: US – Privacy Policy

- Managing contacts and sending messages
-

This type of services makes it possible to manage a database of email contacts, phone contacts or any other contact information to communicate with the User.

These services may also collect data concerning the date and time when the message was viewed by the User, as well as when the User interacted with it, such as by clicking on links included in the message.

Amazon Simple Email Service (Amazon)

Amazon Simple Email Service is an email address management and message sending service provided by Amazon.com Inc.

Personal Data collected: email address.

Place of processing: US – Privacy Policy

- Registration and authentication
-

By registering or authenticating, Users allow this Application to identify them and give them access to dedicated services.

Depending on what is described below, third parties may provide registration and authentication services. In this case, this Application will be able to access some Data, stored by these third party services, for registration or identification purposes.

Direct registration (This Application)

The User registers by filling out the registration form and providing the Personal Data directly to this Application.

Personal Data collected: city, company name, country, date of birth, email address, fax number, first name, gender, last name, password, phone number, picture, profession, state, username, various types of Data as specified in the privacy policy of the service and ZIP/Postal code.

Further information about Personal Data

- Selling goods and services online
-

The Personal Data collected are used to provide the User with services or to sell goods, including payment and possible delivery.

The Personal Data collected to complete the payment may include the credit card, the bank account used for the transfer, or any other means of payment envisaged. The kind of Data collected by this Application depends on the payment system used.

Information about Cookies

- Strictly necessary Cookies
-

These Cookies are necessary for the proper functioning of this Application and are used to store sessions and preferences.

NYSF

Used to store the User session and keep the User logged in.

- Analytics
-

These Cookies are necessary for the functioning of the services filed under the section "Analytics".

Since the installation of third party Cookies and other tracking systems through the services used within this Application cannot be technically controlled by the Owner, any specific references to Cookies and tracking systems installed by third parties are to be considered indicative. In order to obtain complete information, consult the privacy policy for the respective third party services listed in this document.

Additional information about Data collection and processing

Legal action

The User's Personal Data may be used for legal purposes by the Data Controller, in Court or in the stages leading to possible legal action arising from improper use of this Application or the related services. The User declares to be aware that the Data Controller may be required to reveal personal data upon request of public authorities.

Additional information about User's Personal Data

In addition to the information contained in this privacy policy, this Application may provide the User with additional and contextual information concerning particular services or the collection and processing of Personal Data upon request.

System logs and maintenance

For operation and maintenance purposes, this Application and any third party services may collect files that record interaction with this Application (System logs) or use for this purpose other Personal Data (such as IP Address).

Information not contained in this policy

More details concerning the collection or processing of Personal Data may be requested from the Data Controller at any time. Please see the contact information at the beginning of this document.

The rights of Users

Users have the right, at any time, to know whether their Personal Data has been stored and can consult the Data Controller to learn about their contents and origin, to verify their accuracy or to ask for them to be supplemented, cancelled, updated or corrected, or for their transformation into anonymous format or to block any data held in violation of the law, as well as to oppose their treatment for any and all legitimate reasons. Requests should be sent to the Data Controller at the contact information set out above.

This Application does not support "Do Not Track" requests.

To determine whether any of the third party services it uses honor the "Do Not Track" requests, please read their privacy policies.

Changes to this privacy policy

The Data Controller reserves the right to make changes to this privacy policy at any time by giving notice to its Users on this page. It is strongly recommended to check this page often, referring to the date of the last modification listed at the bottom. If a User objects to any of the changes to the Policy, the User must cease using this Application and can request that the Data Controller remove the Personal Data. Unless stated otherwise, the then-current privacy policy applies to all Personal Data the Data Controller has about Users.

Information about this privacy policy

The Data Controller is responsible for this privacy policy, prepared starting from the modules provided by lubenda and hosted on lubenda's servers.

Definitions and legal references

Personal Data (or Data)

Any information regarding a natural person, a legal person, an institution or an association, which is, or can be, identified, even indirectly, by reference to any other information, including a personal identification number.

Usage Data

Information collected automatically from this Application (or third party services employed in this Application), which can include: the IP addresses or domain names of the computers utilized by the Users who use this Application, the URI addresses (Uniform Resource Identifier), the time of the request, the method utilized to submit the request to the server, the size of the file received in response, the numerical code indicating the status of the server's answer (successful outcome, error, etc.), the country of origin, the features of the browser and the operating system utilized by the User, the various time details per visit (e.g., the time spent on each page within the Application) and the details about the path followed within the Application with special reference to the sequence of pages visited, and other parameters about the device operating system and/or the User's IT environment.

User

The individual using this Application, which must coincide with or be authorized by the Data Subject, to whom the Personal Data refers.

Data Subject

The legal or natural person to whom the Personal Data refers.

Data Processor (or Data Supervisor)

The natural person, legal person, public administration or any other body, association or organization authorized by the Data Controller to process the Personal Data in compliance with this privacy policy.

Data Controller (or Owner)

The natural person, legal person, public administration or any other body, association or organization with the right, also jointly with another Data Controller, to make decisions regarding the purposes, and the methods of processing of Personal Data and the means used, including the security measures concerning the operation and use of this Application. The Data Controller, unless otherwise specified, is the Owner of this Application.

This Application

The hardware or software tool by which the Personal Data of the User is collected.

Cookies

Small piece of data stored in the User's device.

Legal information

Notice to European Users: this privacy statement has been prepared in fulfillment of the obligations under Art. 10 of EC Directive n. 95/46/EC, and under the provisions of Directive 2002/58/EC, as revised by Directive 2009/136/EC, on the subject of Cookies.

This privacy policy relates solely to this Application.
