END OF WEEK TWO

Monday 18 Jan

12pm

am -

1

1pm – 3pm

Nobel Laureate Lecture

Presentation Title: How did a kid from the Mountains of Montana discover 70% of the Universe and Win a Nobel Prize?

Prof Brian Schmidt AC FAA FRS ANU Vice Chancellor and President 2011 Nobel Prize Laureate (Physics)

12:30pm – 1pm

Break

Rotary Presentations

Rotary is the Founding Partner of the NYSF, and every year Rotarians continue to support the NYSF Year 12 Program by promoting the opportunity in local communities, managing applications and selections of students and assisting with funding or fund-raising for student fees to attend.

The Rotary presentation will include:

- History of Rotary and the NYSF
- Rotaract Australia
- How Rotary is eliminating Polio

3pm – 4pm **Break**

4pm – 5:30pm

Speed Networking

Speed Networking is a fast-paced, and muchloved part of the NYSF Program. Students meet a range of STEM professionals who have 10 minutes to tell them about their study and career path and what their day job involves, before they get whisked off to the next group of students!

Tuesday 19 Jan

| | Specialist Lectures With 20 STEM specialists on offer across the program, students will hear from a | | | | |
|----------------------|--|--|--|--|--|
| | range of STEM superstars on their career | | | | |
| | and passion in STEM. | | | | |
