THE NYSF YEAR 12 PROGRAM

APPLY FOR 2026

THE 2026 NYSF YEAR 12 PROGRAM

The National Youth Science Forum (NYSF) Year 12 Program gives students that are about to start year 12 a broader understanding of study and career options available in science, technology, engineering and mathematics (STEM).

There are two NYSF Year 12 Program sessions:

- 1 The Australian National University, Canberra
(6 –14 January)**
- 2 The University of Queensland, Brisbane
(13 – 21 January)**

THE 2026 NYSF YEAR 12 PROGRAM

Staying on campus at university colleges, students are immersed in science and technology. Participants:

- participate in tours of science and technology facilities,
- learn about cutting-edge research,
- engage with industry partners and research providers,
- learn about university, training and STEM career pathways,
- mix with other like-minded students from all over Australia, and
- participate in social and team-building activities.

Delivered by youth for youth, alumni of the Program return each year to help deliver each session through the NYSF Student Staff Leadership Program.

WHO CAN APPLY?

The NYSF Year 12 Program is for students who are:

- in Year 11 at the time of application
- Australian students, or studying at an Australian school
- interested in science, technology, engineering and mathematics (STEM)

STEM is everywhere, and STEM is for everyone!

NEED FINANCIAL SUPPORT?

As part of the application process, any students experiencing financial hardship or another disadvantage that negatively impacts their ability to attend the program may apply for an **NYSF Access and Equity Scholarship**.

We also encourage students to seek financial support from NYSF's founding partner, Rotary. Many Rotary Clubs are familiar with the NYSF and able to offer some level of funding or assist students to fundraise to attend. Further details on how to access funding assistance will be sent to all applicants at key stages of the application and selection process.

THE APPLICATION PROCESS
